

## **2010/11 Transport Policy Statement for learners aged 16-18 in further education**

**Name of Local Authority:** Council of the Isles of Scilly  
**Department Responsible:** Finance and Resources

### **1. Summary of Policy Statement and Main Objectives**

---

The following notes describe the Authority's policy on subsidised transport for students aged 16 to 18 in further education, attending YPLA supported (state funded) College or School 6th Form. *Funding is available to all students attending state funded education, however those students attending private education may seek to apply and their circumstances will be reviewed and assessed on an individual basis. (See Item 4, below)*

Each student can apply for a maximum of 6 return visits home each academic year, this means that they can travel home each half term, but the maximum contribution grant that the student can apply for each visit is £100.

Receipts for expenditure will be required in advance in order for travel grants to be issued. Receipts must be sent to the council offices with the student name and post 16 education establishment clearly marked on the documents.

### **2. What concessionary fares, discounts, subsidies, passes or travel cards available for learners aged 16–18 and who provides them?**

---

Student rates on the Scillonian, Helicopter and Plane have been negotiated between the Council of the Isles of Scilly and transport providers. All discounts are subject to student membership to the local loyalty schemes. For more information please contact the Post-16 Travel and Accommodation Administrator on 424046.

### **3. Will support continue to be made available to learners who reach 19 whilst continuing on a course?**

---

Travel grants will only be issued to students who are 19 if the funding has first been sought and approved by the YPLA.

### **4. Will learners be assessed to see if they are eligible for support? e.g. means-testing, or must they be on benefits?**

---

Due to the arrangement with the YPLA, all students who are travelling to eligible post 16 education are entitled to travel grants.

Students in receipt of scholarships who are travelling to privately funded post 16 education should contact the Post 16 Travel and Accommodation Administrator on 424046, who will be able to advise them if any alternative support is available.

**5. What help is provided for Learners with Learning Difficulties and/or Disabilities including those over 19 or learners facing other difficulties in following their courses?**

---

Funding is in place to assist students with Learning Difficulties and/or Disabilities and have been subject to a learning difficulty assessment, including those with a Statement of Special Educational Needs, in travelling between home and their educational establishment. Students are identified whilst at school to ensure post 16 requirements are responded to appropriately.

**6. Is there any mobility/independence training for learners who face difficulty with transport?**

---

Any students who face difficulty with using transport from the Islands should discuss their circumstances with the Post 16 Travel and Accommodation Administrator.

**7. When should learners start to apply for transport support?**

---

Students should apply for this at the same time as applying for accommodation grants. Details of this are available by contacting the Post 16 Travel and Accommodation Administrator.

**8. What are the points of contact for learners seeking transport support?**

---
