

## ST MARTINS COMMERCIAL

### WASTE COLLECTION GUIDELINES

The Council of the Isles of Scilly requires that the following is carried out at all times to avoid waste collections being refused:

- **Non-Domestic Rate businesses must purchase pre-paid trade waste sacks to contain residual waste, even if your property is zero rated. These can be ordered via our Customer Hub (01720 424400) or by emailing [infrastructure@scilly.gov.uk](mailto:infrastructure@scilly.gov.uk)**
- If you put your rubbish in bins, it needs to be bagged first. Please ensure that the bags are not split.
- Where possible please place bags at the boundary of your property for collection. If you require assistance please contact 01720 424450.
- Bags must not weigh more than 10kgs.
- Your waste is collected by hand. Please wrap sharp objects carefully and if possible put them in a solid, labelled box.
- Glass bottles and jars can be recycled for free at the waste site. Please **do not** put these items in your refuse sacks for collection.
- Cardboard boxes should be flattened and contained in your sacks.

#### How do I report a missed collection?

Please call James Morton on 07786 535 470.

#### Is there anything which can't be collected?

We can't collect bulky waste or electrical items. Please take these items to St Martins Waste Site or contact local hauliers. We are not able to accept Green waste.

**For more information on waste and recycling services, please contact the Infrastructure Department on 01720 424450 or email [infrastructure@scilly.gov.uk](mailto:infrastructure@scilly.gov.uk)**
