

COUNCIL OF THE ISLES OF SCILLY

Welcome from Robert Francis, Chairman of the Council

Dear Candidate

Thank you for your interest in working for the Council of the Isles of Scilly. The role is a key appointment and the successful candidate will be joining a dedicated and ambitious Council and will lead a close working Corporate Leadership Team.

We are the smallest Unitary Authority in Britain, but with the largest remit that includes a small Airport, a Care Home and Water/Sewerage Services for our Community which will hopefully be taken on by South West Water in the Spring.

Our vision, values and behaviours as adopted in the Council's Corporate Plan (2019-2022) are to work in partnership to create opportunities for all, care for our community and sustain a diverse and skilled economy in harmony with our beautiful landscape.

We have some real opportunities and challenges ahead of us including local challenges such as transport; water supply; sewerage; and waste management. Our new Local Plan is very much being championed and led by our Elected Members. Your role will be to advise and work collaboratively with Members, Partners and our community, acting as an advocate and ambassador for our islands.

As well as getting the day job done well, we have a number of transformational projects that are a key focus for our Council including the Integrated Health and Social Care project, Housing Delivery programme and Smart Islands. We need someone with ambition, resilience and who is adaptable to lead our dedicated and ambitious Council.

So a great opportunity for someone with a passion to make a difference. I hope I have given you some more insight into the role and sparked an interest. I'm more than happy to have an informal telephone conversation if you want to know more.

Good luck with your application.

Chairman of the Council

Robert Francis
