Planning App: P/14/015

Dear Chief Planning Officer,

I would like to amend the above planning application so that the permission, if granted, be allowed for a temporary period only.

I believe that the standard temporary permissions are for a period of three years, if this is correct I would ask that the application includes this as a condition.

I look forward to hearing from you.

Yours faithfully,

A rectangular box with a black border, used to redact the signature of the sender.
