Date Received:	23/05/2014
Application:	P/14/025/FUL – Longstone Heritage Centre, St Mary's
Representation:	<p>According to the application the unit will dispose septic waste into the mains sewer - this is not available, a septic tank is sited, and according to the plan the proposed unit will be adjacent to this and possibly within the minimum distance required from a dwelling, whether temporary or not.</p> <p>I wish it noted on my representation that there will be NO access through the farm yard for any removal or delivery for the proposal under the remit of Health and Safety to protect our Public Liability agreement with our insurer. I would also like to know how temporary this situation will be. Please could the above be answered prior to date deadline.</p>
