

THE TIMBER WINDOWS AND DOORS IN 6 BUZZA ARE OLD AND ILL FITTING. THE CLIENT WOULD LIKE A MAINTAINANCE FREE ALTERNATIVE TO HELP BRING THE PROPERTY UP TO MODERN STANDARDS. THIS WILL IMPROVE THE DWELLING BOTH VISUALLY AND WILL IMPROVE THE THERMAL VALUES OF THE HOUSE. THE PROPOSED WINDOWS ARE LIKE FOR LIKE TRADITIONAL VERTICAL SLIDING BOX SASH WINDOWS, THE DOORS WERE CHOSEN TO ALLOW MAXIMUM LIGHT INTO THE DWELLING, ITS POSITION DOES NOT ALLOW CONTINUOUS LIGHT IN.
