Heritage rose

*the quintessential
period sash window,
brought into the 21st*

POLISHED OUT
WELDS

Heritage Rose is designed with conservation and heritage projects in mind, and simply oozes period charm and character.

Including traditional detailing found in the period era, Heritage Rose comes in a range of colours and finishes, and with a wide range of options to suit your individual needs.

It also has the slimmest sightlines of any uPVC sash window on the market, and scores top-marks for security and energy efficiency, helping to keep your home warm and safe.

In short, Heritage Rose is the quintessential English sash window, brought into the 21st century.
