Subject: Planning Application Representation; P/15/030

Dear Sir/Madam,

We would like to write in support of the above planning application to build staff accommodation next to St Agnes PO and stores. The applicants run a busy and well stocked shop that caters for the needs of islanders and visitors. We shop daily at our island store which caters for all our needs. It would be very advantageous for them to live on site as the hours are long, especially from May to Oct when they can at times be open 7 days a week. The building being proposed looks very attractive and appropriate for it's surroundings.

We whole heartedly hope that the application is granted.

Yours faithfully

Maddy Goudsmit and Jof Hicks
