Subject: Planning Application Representation; P/15/030

We are writing to add our support to the plans for accommodation adjacent to St Agnes Post Office. The plans appear to be for an attractive modest house, well suited for the applicants needs and the site is secluded and will not intrude on the natural environment.

Ross and Nikki Hicks run a very well managed business, essential for both islanders and visitors, but this is not easy from their current home. It will be much easier for them to work efficiently if they are on site as has always been the case in the past.

An added bonus is that their current home should become available for another young local family to rent, providing additional much needed housing.

We hope that approval for these plans is granted as it can only be of benefit to St Agnes as a whole.

Tim and Sue Hicks
