I would like to register my support for the above application, which appears well designed and sensibly located.

St Agnes Stores provides an excellent and crucial service to residents and visitors, and it is obvious how much effort goes into ensuring their high standards are maintained. Through running another island business I know how important it is to live close to your business – to be on hand to help customers and staff whilst also being able to focus on managing the business. Adjacent accommodation will help secure the future viability of the shop, around which so much of island life centres.

Housing supply on St Agnes, like the rest of Scilly, is a key concern for many. As such Smugglers Cottage becoming available will represent a great opportunity for another young family, which in turn will benefit our island.

I hope approval for this application is granted.

Regards,

**Sam Hicks**
