RECEIVED BY THE
PLANNING DEPARTMENT

07 OCT 2015

6th October, 2015.

Dear Liza,

Re: P/15/075/FUL erection of fence and gate at Little Porth Garages, Isles of Scilly.

I write, further to your letter of 23rd September, 2015 and attach the following:

1. Scale Location plan (three copies),
2. Existing Elevation plan (three copies),
3. Existing and proposed plan (three copies)
4. Scale elevation drawing of proposed fence/patio doors (three copies).

As discussed on the telephone on 1st October, 2015, I have also included on the plans a drawing of double patio doors that we would like to put into the North facing side of our house at Storm Cottage, leading on to the forecourt to the garages. As can be seen from the plan of the fence, once the fence is erected, it would not be possible to see the patio doors, and so they should have no visual impact from the road way and only be visible from the second storey of the buildings opposite.

I look forward to hearing from you with a decision with regard to our planning application which is now both for the fence and gates, and for the patio doors as mentioned in this letter.

I am obliged for your assistance.

Yours Sincerely,

Charlie Carss.
