STEPHENS SCOWN LLP  
Stephens Scown LLP

I, Diccon Stideford Rogers of Lunnon Farm, St Mary's, Isles of Scilly TR21 0NZ do solemnly and sincerely declare that:

1. I am the Director of Mulciber Limited (Company Number 07413448), registered address Wessex House, Teign Road, Newton Abbott, Devon TQ12 4AA and operational address Lunnon Farm, St Mary's, Isles of Scilly, TR21 0NZ.
2. Mulciber Limited is the applicant for a Certificate of Lawfulness of an Existing Use at Pendrethen Quarry, submitted to the Council of the Isles of Scilly and allocated unique planning reference P/15/088.
3. The Certificate of Lawfulness application seeks to establish the lawfulness in planning terms of the use of land at Pendrethen Quarry as an inert and excavation waste transfer facility.
4. There is now shown to me marked "DR1" a 13 page tabular summary of activities associated with the longstanding use of Pendrethen Quarry as an inert construction and demolition and excavation waste transfer facility between the second Quarter of 2003 to the fourth Quarter of 2015. This tabular summary sets out activities at Pendrethen Quarry between the aforementioned period to the best of my knowledge and belief, from information that is within my own knowledge.

AND I make this solemn declaration in the  
virtue of the provisions of the Oaths Act 1835.

and I believe the same to be true, and by  
the Oaths Act 1835.

Signature of declarant

DECLARED at

High Water House  
Malpas Road

Existing Use of Pendrethen Quarry 2003 to 2015		
Quarter (Q) dates: Q1 – January 1 <sup>st</sup> – March 31 <sup>st</sup> ; Q2 – April; 1 <sup>st</sup> – June 30 <sup>th</sup> ; Q3 – July 1 <sup>st</sup> – September 30 <sup>th</sup> ; Q4 – October 1 <sup>st</sup> – December 31 <sup>st</sup> .	Mulciber Invoice No. or other Evidence	
Year	Date	Activities/Key Information
<i>Please note: this is a table of activities based principally on issued and paid invoices. For every sale of recycled aggregates and materials from Pendrethen Quarry, there will also be extensive processing works ongoing throughout to produce the material.</i>		
<b>2003</b>		
Q2 –		Deposit of inert C&D waste in pit of quarry for future recycling by DoC
Q3		Photographs
<b>2004</b>		
<b>Importation to site, stockpiling, processing, exporting to local markets throughout the year</b>		
Q1	28 <sup>th</sup> January 30 <sup>th</sup> March	Chestnut paling fence to be erected around Pendrethen Quarry by Duchy Contractors, working alongside Mulciber Clearance work begins by Mulciber
Q2	4 <sup>th</sup> June onwards	Scrap metal clearance and recycling at Quarry by Mulciber Ltd First supplies of local recycled ram and sand from Quarry from Mulciber Ltd, recovered from old stockpiles and cleaned, graded and supplied for new building at St Mary's Riding Centre.
Q3		Clearance and recycling operations continue
Q4	November	Crusher unit salvaged from redundant quarry plant, refurbished and converted to mobile crusher by Mulciber Ltd. On hire around St Mary's, including at Star Castle Hotel providing crushing and recycling services. Crusher used at Pendrethen Quarry for recycling. Crusher based at Pendrethen Quarry.
		Further supply and delivery of quantity of recycled ram from Pendrethen Quarry to new building of St Mary's Riding Centre
	1 <sup>st</sup> December	Additional supplies of crushed/graded recycled aggregates from Pendrethen to local market. Quantities supplied to Garrison Campsite.
		Correspondence (Mulciber Ltd & mainland crushing equipment suppliers as to performance improvements of mobile crusher). 151
		Work & production records 143 & 145 154
		152

2005			
<b>Importation to site, stockpiling, processing, exporting to local markets throughout the year</b>			
<b>Q1</b>	24 <sup>th</sup> February -2 <sup>nd</sup> March	Supply quantity of crushed graded recycled rubble from Pendrethen Quarry for land drainage at St. Mary's Riding Centre.	158
	March 4 <sup>th</sup> - 15 <sup>th</sup>	Supply crushed recycled aggregate from Pendrethen Quarry (mixed grades) to Star Castle Hotel	155
	March	Supply further block rubble and process into crushed recycled aggregate; sources include Duchy of Cornwall Waste at Longstone Farm and further supplies from Pendrethen Quarry. General movements of materials.	158
<b>Q2</b>	19 <sup>th</sup> April	At Garrison, St Mary's; Mulciber Ltd breaking out and removing degraded concrete road, hauling away arisings to Pendrethen Quarry, screening and crushing arisings at quarry, resupply to Garrison site and relay as new track, and supply additional crushed recycled aggregate from Pendrethen Quarry to complete new track.	156
	27 <sup>th</sup> April	Supply quantity of graded cleaned topsoil from Pendrethen Quarry for new garden area at Star Castle Hotel.	159
	May	Supply quantity of 20mm-dust graded crushed recycled aggregate from Pendrethen Quarry to Star Castle	159
	4 <sup>th</sup> June	Supply and deliver bagged recycled aggregate from Pendrethen Quarry to new parking area at Star Castle.	161
	30 <sup>th</sup> June	Continuation of supply of local recycled aggregate for ongoing construction of St. Marys Riding Centre; during this period large volumes and tonnages of material supplied from CIOS Moorwell tip as raw crusher feedstock for processing at stables construction site and at Pendrethen Quarry.	166
<b>Q3</b>	24 <sup>th</sup> August	Supply of crushed recycled aggregate from Pendrethen Quarry to Ray Warnes at McFarlands Down; road repair to McFarlands Down track outside Ray Warnes house	164
	Continued from Q2	As above, continuation of supply of local recycled aggregate for ongoing construction of St. Marys Riding Centre; during this period large volumes and tonnages of material supplied from CIOS Moorwell tip as raw crusher feedstock for processing at stables construction site and at Pendrethen Quarry.	166
<b>Q4</b>	Continued from Q2	During this project large tonnages of cleaned recycled crushed aggregates and recyclates were supplied.	166
	October	As above completed supply of local recycled aggregate for ongoing construction of St. Marys Riding Centre; during this period large volumes and tonnages of material supplied from CIOS Moorwell tip as raw crusher feedstock for processing at stables construction site and at Pendrethen Quarry.	165
	21 <sup>st</sup>	Brian Sandford and Diccon Rogers/Mulciber Ltd working together at Porthcressa on a hard rock granite removal project using equipment and techniques formerly employed at Pendrethen Quarry; some materials from site are removed to Pendrethen for recycling. Supply of quantity of bagged recycled crushed aggregate 20mm-dust from Pendrethen Quarry to private	Witness statement 168

	November	client/agricultural client of St. Agnes.	
	21 <sup>st</sup> November	Supply of quantity of bagged recycled crushed aggregate from Pendrethen Quarry to the Council of the Isles of Scilly, St. Mary's Airport for use in airside concrete apron extension	171
<b>2006</b>			
<b>Importation to site, stockpiling, processing, exporting to local markets throughout the year</b>			
<b>Q1</b>	16 <sup>th</sup> – 19 <sup>th</sup> February	Supply of quantity of crushed graded recycled aggregate from Pendrethen Quarry to Chiverton Builders St. Marys.	175
	March	Supply recycled/recovered facing granite/walling stone from Pendrethen Quarry to Building contractors, St. Marys.	178
	March	Relocate mobile rock crusher from Pendrethen Quarry to St. Martins waste management site Highertown, St Martins to the order of Duchy of Cornwall, Council of the Isles of Scilly and ReZolve Kernow in new initiative to resurface and reconstruct the St. Martins site. At site provide crushing services working with on island contractor crush and lay large quantities of block and stone into new surface.	182
<b>Q2</b>	April	Supply quantity of cleaned graded topsoil from Pendrethen Quarry to Star Castle for use in garden landscaping	185
	April-May	Provide demolition and recycling services to building contractor for local housing project at Branksea House; supply crushed cleaned recycled aggregate from Pendrethen Quarry for local housing project.	188
	June	Supply quantity of graded crushed recycled aggregate from Pendrethen Quarry to building contractor for use in local housing project.	189
<b>Q3</b>	14 <sup>th</sup> July	Supply quantity of crushed recycled aggregate from Pendrethen Quarry to private client for development work at Porthmellon Industrial Estate.	190
<b>Q4</b>	17 <sup>th</sup> August	Supply and deliver quantity of cleaned recycled topsoil from Pendrethen Quarry to Star Castle staff accommodation.	198
	1 <sup>st</sup> October	Improved trommel screen purchased from mainland Cornwall for refurbishment and use in Pendrethen Quarry. Also improved screening system and conveyor system purchased from wharves at Truro, ex Cornish Calcified Seaweed, shipped to Scilly by landing craft and installed at Quarry. New systems installed allow different grades of recycled aggregate to be produced.	Receipts
	13 <sup>th</sup> October	Supply quantity of cleaned crushed recycled aggregate from Pendrethen Quarry to building contractor for local housing project.	208
	October	Supply mobile electric recycling conveyor from Pendrethen Quarry to Tresco estate.	210
	October-November	Supply quantity of cleaned crushed recycled aggregate from Pendrethen Quarry to building contractor for use in St. Marys housing project	212
	1 <sup>st</sup> November	Application by Mulciber Ltd to Isles of Scilly Area of Outstanding Natural Beauty (AONB) for grant funding for screening machinery for rubble recycling to work alongside mobile rock crusher. Grant application cites >800 tonnes	Application by Mulciber Ltd to ANOB SDF.

		building waste currently stored in pit at Pendrethen Quarry St. Mary's and note intention in grant application is stated as a focus on 'providing high quality local recyclates for use as construction aggregates, sub-base and fill...[ and ]... to establish picking out of quality building granite from screened waste where possible. This will be stockpiled for reuse in construction projects.'	213
	December	Application is successful and funding received. LH tipsaver 200 mobile box screen duly purchased new and shipped to islands in early 2009. Screen unit goes straight to work at Pendrethen Quarry. Winning of clean graded recycled aggregate production from pit is accelerated for use in local projects	
		Demolition of redundant agricultural building at Normandy Farm St. Mary's for redevelopment of site for local housing; block and other C&D material hauled to Pendrethen Quarry for screening, crushing and recycling. Much material is "closed loop" recycling and is resupplied to the construction project after processing.	
<b>2007</b>			
<b>Importation to site, stockpiling, processing, exporting to local markets throughout the year</b>			
<b>Q1</b>	February	Supply facing granite/walling stone from Pendrethen Quarry for work at new gig sheds St. Mary's.	216
	March	Supply facing granite/walling stone from Pendrethen Quarry to specialist contractor for use in local heritage projects.	226
	January – March	Supply quantity of crushed recycled aggregate from Pendrethen Quarry to building contractor for redevelopment of local housing at Normandy Farm, St Mary's.	227
<b>Q2</b>	27 <sup>th</sup> June	Provide large grade recycled aggregate from Pendrethen Quarry for drainage and soakaway works on St. Mary's.	241
<b>Q3</b>	July	Supply 90-50mm grade crushed recycled aggregate from Pendrethen Quarry to building contractor, St. Martin's for use in building project	254
	September	Supply quantity of cleaned crushed recycled aggregate from Pendrethen Quarry for use in road repairs	258
	September	Supply facing granite/walling stone from Pendrethen Quarry to specialist contractor for use in local heritage projects.	259
	September	Hire of 25 te excavator from BAM Nuttall Off Island Quays and relocation via ISSCo landing craft to Bar Point; discharge the excavator and transit to Quarry; use of excavator to accelerate recycling of material deposited in pit	Various
<b>Q4</b>	November	Supply quantity of cleaned recycled topsoil from Pendrethen Quarry for local garden construction	269
	December	Supply quantity of cleaned recycled topsoil from Pendrethen Quarry for local garden landscaping	276
	December	Supply facing granite/walling stone from Pendrethen Quarry to specialist contractor for use in local heritage projects.	277
	December	Completion of supply of various grade crushed recycled aggregate from Pendrethen Quarry to building contractor for Normandy Farm local housing project;	277
	December	Supply quantity of crushed recycled aggregate from Pendrethen Quarry for local road repairs on roads and tracks.	282
	December	Haul in and process quantity of block wall demolition arisings from Porthloo site to Pendrethen Quarry and recycled.	283
<b>2008</b>			
<b>Importation to site, stockpiling, processing, exporting to local markets throughout the year</b>

Q1	January	Supply and lay clean graded ram from Pendrethen Quarry to Higher Moors Nature Trail and compact and lay as trail pathway.	285
	23 <sup>rd</sup> -25 <sup>th</sup> January	Dredge St. Mary's harbour intersection area between Old Quay and Main Quay. Haul away to Pendrethen Quarry, screen crush and recycle quantity of intertidal cobbles/stones.	287
	February	Supply quantity of graded crushed recycled aggregate from Pendrethen Quarry for St. Agnes Quay approach road and drainage scheme on St. Mary's.	295
	March	Further dredging of St. Mary's harbour for Duchy of Cornwall. Haul away to Pendrethen Quarry, screen crush and recycle quantity of intertidal cobbles/stones.	301
Q2	7 <sup>th</sup> April	Supply from Pendrethen Quarry quantity of recycled cleaned crushed aggregate for drainage project St. Mary's.	306
	May-June	Supply clean graded recycled aggregate from Pendrethen Quarry for redevelopment works at Green Farm St Mary's.	323
	June	Demolition activities at Green Farm. Haul away arising materials and crush/recycle at Pendrethen.	324
	June	Supply quantity of hardcore, crushed recycled aggregate from Pendrethen Quarry for hard standing adjacent to machinery sheds farm buildings St. Mary's	325
	Various	Various supplies of crushed recycled aggregate from Pendrethen Quarry to off island Quay projects.	Various
	15 <sup>th</sup> /16 <sup>th</sup> April	Visit by Duchy Mineral Agent to advise on site clean-up proposals & recommencement of quarrying activities. Existing quarry stock witnessed as being recovered from base of quarry. Screener & excavator at site.	Sworn Statement
Q3	14 <sup>th</sup> July	Document prepared by Duchy to assist Chief Planning Officer of CIOs in the understanding of what is ongoing at Pendrethen.	Correspondence & plan
	July	Extensive removal of scrap metal from Pendrethen Quarry, extracted and cleaned by Mulciber Ltd and exported to mainland recycling centre via landing craft. This further clearance of pit area allows further space for recycling of C&D waste.	326
	July	Supply quantity of crushed recycled aggregate from Pendrethen Quarry for use in local building projects	329a
	July	Supply quantity of crushed recycled aggregate from Pendrethen Quarry to building contractor for local housing project.	328
	August	Supply quantity of various grades crushed recycled aggregate to engineering contractor from Pendrethen Quarry for improvement works at local power station St. Mary's.	329b
	August	Supply quantity crushed graded recycled aggregate from Pendrethen Quarry for local farm track repair work.	339
	September	Acquisition of further plant for recycling including air compressor and tooling, International tractor, and Liebherr 16 te tracked excavator from Tresco for use at Quarry in recycling and other activities. Excavator delivered by Landing Craft to Bar Point and transited to Quarry.	Purchase invoices and payments
	September	Supply quantity of graded ram from Pendrethen Quarry for road repair work.	340
	September	Supply deliver and lay quantity of crushed recycled graded aggregate from Pendrethen Quarry for local track and road	341

		than that outlined in the letter & DR's understanding	
		Agreement understood from CIOS & material delivered & deposited at Pendrethen Quarry in accordance with agreement by Council's contractor from 27 <sup>th</sup> Feb onwards	
	<b>27<sup>th</sup> Feb</b>	Receipt of quantity of arisings (sand, gravel, boulders) at Pendrethen Quarry from CIOS Porthcressa development. Delivery and deposition by CIOS appointed contractor (Kier Ltd).	Photographs & correspondence
	<b>29<sup>th</sup> Feb</b>	Various support from local construction trade for acquisition of new mobile crusher by Mulciber – evidence for continued support for products from local market	Letters of support
	<b>1st March</b>	Correspondence received from the Chief Technical Officer (CTO) of the CIOS supporting the application by Mulciber Ltd for a LAG grant for the acquisition of a new mobile rock crusher to 'enable the enhanced production of local recycled secondary aggregate, which offers to many construction applications an excellent, environmentally sound and cost-effective alternative to importing aggregate from the mainland.' The CTO further states that he is 'confident that my parent committee would also support the potential to recycle arisings on local construction sites, which can reduce costs via promotion of on-site production of secondary aggregates and reduce traffic movements.' And adds that 'The conversion of waste into a recognised raw material is clearly in accordance with established best practice and complementary to the Islands waste management strategy.'	Letter
	<b>27<sup>th</sup> March</b>	CIOS support for processing materials from local construction sites to produce recycled aggregates. Instruction from CIOS to receive at Pendrethen Quarry a minimum of 700m <sup>3</sup> specified arisings from Porthcressa Regeneration Project and recycle (to the order of the Head of Economic Development, relevant senior council officers, and the Head of Planning.	N472 ORDER NUMBER 98506
<b>Q2</b>	<b>April</b>	Supply quantity of sand from Pendrethen Quarry for drainage works St. Mary's	N475
<b>Q3</b>	<b>March-April</b>	LAG grant received for purchase of Komatsu BR100 mobile crusher in order to process inert construction & demolition wastes & site arisings at local sites and Pendrethen Quarry. Figures in application stated as 3700 te aggregates, 10000 te ram, soil.	Receipt
	<b>July</b>	Receipt of tarmac from CIOS for temporary storage at Pendrethen Quarry until such a time that it can be re-used for road maintenance.	Emails & photographs
