Subject: Re: LBC & ADV at the Kavorna

Dear Andrew

Thank you for your email below

I can confirm that the new signage does not contravene any of the rules in the advertising consent stated below.

We have made the decision to change the colour of the exterior wood work ignored to modernise the look of the business whilst keeping in character with the local environment. Opposite the business the Atlantic Inn changed their wood work colour last year from Black to Green and our intention is to do exactly the same, but with the Grey colour as indicated in the colour chart example previously provided.

The Grey on the two front doors has been used to try and hide the dirt that continually covers the white doors from sand and other dirt that is blown down the main street.

As shown in the provided pictures with the application the Kavorna was painted Black for many years, this was changed by us in 2006, we are now applying to change the colour to the Grey which is a colour between the existing Blue and previous Black.

Regards Paul
