| Other  |  | •  |                      |  |  |  |
|  |  |  |                      |  |  |  |
| Are you proposing to connect to the existing drainage sy   | stem? Yes •                            | No C Unknown                               |                      |  |  |  |
| 12. Assessment of Flood Risk   |  |  |                      |  |  |  |
|  |  |  |                      |  |  |  |
| Is the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing flood zones 2 and 3 and consult Environment Agency standing advice and your local planning authority requirements for information as necessary.)  Yes  No   |  |  |                      |  |  |  |
| If Yes, you will need to submit an appropriate flood risk assessment to consider the risk to the proposed site.  |  |  |                      |  |  |  |
| Is your proposal within 20 metres of a watercourse (e.g. ri  | iver, stream or beck)?                 | Yes No                                     |                      |  |  |  |
| Will the proposal increase the flood risk elsewhere?   |  |  |                      |  |  |  |
| How will surface water be disposed of?   |  |  |                      |  |  |  |
| Sustainable drainage system  | Main sewer                             | Pond                                       | d/lake               |  |  |  |
| Soakaway   | Existing watercourse                   |  |                      |  |  |  |
|  |  |  |                      |  |  |  |
| 13. Biodiversity and Geological Conservation   | on                                     |  |                      |  |  |  |
| To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals. |  |  |                      |  |  |  |
| Having referred to the guidance notes, is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, OR on land adjacent to or near the application site:  |  |  |                      |  |  |  |
| a) Protected and priority species  |  |  |                      |  |  |  |
| Yes, on the development site   | n land adjacent to or near the propose | ed development                             | <ul><li>No</li></ul> |  |  |  |
| b) Designated sites, important habitats or other biodivers   | sity features                          |  |                      |  |  |  |
| Yes, on the development site   | n land adjacent to or near the propose | ed development                             | <ul><li>No</li></ul> |  |  |  |
| c) Features of geological conservation importance  |  |  |                      |  |  |  |
| Yes, on the development site  Yes, on land adjacent to or near the proposed development  No  |  |  |                      |  |  |  |
|  |  |  |                      |  |  |  |
|  |  |  |                      |  |  |  |

| 14. Existing Use   |                          |                                    |                        |   |                       |  |
