**Subject:** Planning Application P/16/021.

Dear Sirs,

Further to our representation to Planning Application P/16/021 dated 28<sup>th</sup> March 2016 As the newly provided photomontages illustrate, the reduction in roof height and bulk is minimal. Also, we cannot see dimensional reference to any existing adjacent point e.g. Hugh House.

Our concern is that the increase in roof height would have a detrimental effect on the Garrison skyline and whether the "Poundbury Style" is appropriate for this location. Therefore, we concur with Historic England that the alternative of providing increased accommodation be provided by an increase in footprint rather than visually prominent increase in roofline and bulk.

Any remodelling should be carried out within the existing roofline.

Kind Regards

Alan & Glen Davis
