Hi Andy

Our Reference 17/00010/PLENQ

From the plans there has been no mention if the area is intended to be used as a smoking area.

Part 1 of the Health Act 2006 makes provision for the prohibition of smoking in certain enclosed or substantially enclosed premises.

Premises are enclosed or substantially enclosed if they have a ceiling or roof and half or more of the sides (excluding doors or windows) are enclosed by walls or other structures.
