I would like to show my full support for a well thought out concept to provide a function room and additional terrace at the Sevenstones Inn.

I feel that the owners have done a great job of refurbishing the property so far, and have shown a real passion to enhance the appearance and provide a very welcoming atmosphere. I am sure that with that same "personal touch" used so far, that the new extension will only make the property even better.

The benefits of being able to provide a facility for weddings and other events will certainly go hand in hand with other businesses in the community, and benefit all.
