Mindful of your concerns regarding [Proposed] replacement with Upvc in respect of appearance, we can assure replication (as far as practicable) to the existing. Please refer to photos below

[Proposed] replacement components will be black in colour with 'pitting' effect. With regard to submitted Drawing (ref:NH-10516-COURTYARD-ELEVS-01) our Proposal is to replicate existing positioning and lay-out, therefore requested amendment/s to these would bear no modification.

We hope that this clarifies our intention.
