I am writing to support the plans of a rear extension to Roanoke.

Having visited Roanoak on many occasions it is clear that the May family are rapidly outgrowing the property and the layout as it stands brings with it many challenges to their day to day living.

I strongly believe that young local families who are simply trying to better their living situations should be supported, especially as they have amended their plans in line with previous planning recommendations.

I hope that the planning officer and Council members also support this view at the forthcoming planning meeting.
