I write to support the Adam & Georgia May's application.

'Hamewith' the Council's property next but one to 'Roanoke' surely has set a precedent for 'over development' in the Parade / Porthcressa Road area....and it is rather late in the day for objections in regard to how built up the area has become, one would have thought the Council had taken that possibility into consideration when they built over 'Hamewith's' rear garden. A garden I feel, as one of the few remaining in town was lost forever.

Why I comment on 'Roanoke' is because 'Hamewith' was our childhood home....my father (a school master at Carn Thomas grew his vegetables in one side of the garden, we played in the other side!) The area of Church Road resonated with the sounds of young LOCAL children playing.....now the only LOCAL family with YOUNG children living in the entire Church St /Porthcressa area are simply asking to extend their living space....it is surely churlish of the Council to reject this plan. In hindsight the Planners at the time should perhaps have been a little more 'forward thinking'. While in some respects I feel sorry for the neighbouring properties if they are affected by this extension, I feel to say 'NO' after so many poor decisions in the past, is simply unfair.

Kind regards

Lindsay Sandford
