**Your Address:**

Gunners Well  
The Garrison  
St Mary's  
Isles of Scilly  
TR21 OLS

**Representation:**

Whilst we are not directly affected by the location of the burger van at Holgate's Green, we do object in the strongest terms to what is an inappropriate location for the facility.

Holgate's Green is a unique location, offering picnic areas on grass, seating, and views over the harbour and off islands and is a key feature of the islands' tourist offering.

Regrettably the application has produced disquiet amongst residents and raises the question of the competence of Council officials for even considering putting the application forward, without apparently taking "soundings", as to whether such a facility would be acceptable on Holgate's Green.

The rear of the Town Hall area is the ideal location. With simple realignment of road markings, the three fast food offerings could be grouped together to form a "food court".

Otherwise if this is not acceptable, it could be sited opposite the old school on the old gym site or the Quay, but NOT on Holgate's Green.
