

Proposed Location Of The Boat Hire Hut Shown In Red

It is located at the bank on the top of the beach, just outside our Boatyard.

We currently maintain the land we want to use- regularly mowing it to keep the grass short and weeds at bay so that in the summer season visitors of Bryher can enjoy the area on picnic benches we provide. We will move these along the bank slightly to allow for the hut to be positioned there. Just below the proposed site you can see we store our kayaks for hire at the end of the day throughout the season.
