21st November 2018

P/18/051/FUL

RECEIVED BY THE
PLANNING DEPARTMENT
23 NOV 2018

Dear Madam/Sir,

St Martin's has a great reputation as a tiny island which has achieved a sustainable balance between Nature and Human habitation

A new camp site, on a small wild area, will without doubt upset this balance and open up the possibility for more applications for camping, however seasonal?

I would therefore oppose the planning application P/18/051/5UL

Yours sincerely

Mrs K Edwards
