

P/18/058/FUL Minor internal works including the formation of two new windows to match existing to facilitate the change of use for seasonal accommodation for staff employed at Tregarthen's Hotel. (Listed Building) (Scheduled Monument). Woolpack Battery, The Garrison, St Mary's, Isles Of Scilly

Thank you for consulting us on this application. We have consulted the Cornwall & Isles of Scilly Historic Environment Record and the submitted Built Heritage Report and note that the basement of the Woolpack Battery is not included in the Scheduled Monument (DCO605) but that it does form part of the Listed Building (DCO14333). The ground above and below the structure does, however, form part of the Schedule.

The proposals appear to be modest in scale and impact and we agree that they would lead to minor gains for this designated heritage asset. However, these impacts are upon a Listed Building and the Council's conservation advisor should be consulted on these. We welcome the proposal for a conservation management plan and the aspiration to remove the structure from the Heritage at Risk register. We also note that there are no archaeological implications resulting from this proposal.
