Mrs Mary Barclay,

Dracaena,

Church Road,

St Mary's,

Isles of Scilly.

TR21 0NA

22nd August 2018

Dear Mary,

Re: P/18/063/FUL: Dracaena, Church Road, St Mary's.

Please see below site waste management plan for the disposal of the waste arising from the replacement of fibre cement slate roof for the above property.

We are a licensed waste carrier & use either the Isles of Scilly Council Waste Site at Moorwell, St Mary's, Isles of Scilly or Jago Skips, 54 Coinage Hall Street, Helston, Cornwall to responsibly dispose of any building waste relating to the above improvement.

Any hazardous materials i.e. asbestos roofing slates would be sent to Nick Ferris Skip Hire, Herniss Farm Waste Transfer Station, Herniss, Longdowns, Penryn who specialise in hazardous waste products.

If you need any further information please feel free to contact me.

Kind regards,

Richard Hand

Richard Hand Haulage
