Subject: Planning Application Representation; P/18/075

Dear Sir,

Whilst not a resident of the islands, I am a frequent visitor and stay in Atlanta cottage, which is opposite. I would therefore, like to object to this planning application.

Whilst I do not have any design experience, even I can see that the proposed works to this particular property will have a detrimental outcome for those surrounding it, in particular, Atlanta Cottage.

We visit the island for its unspoilt nature and quiet tranquillity. I appreciate that change is inevitable, but feel these works would have a negative impact on this corner of Bryher. Why improve one property at the expense of another?

I would be happy to discuss further, should you wish to contact me.

Kind Regards, Tim
