Dear Sir/Madam

Planning Application P/18/075

I am writing to object to the proposed extension to Banks Cottage on the beautiful island of Bryher. This is an area of outstanding natural beauty. There is nowhere that we have been more naturally exquisite in the world. If the proposed changes went ahead, it would change the whole aspect and ambience of that area.

Both the new design of the house and its out buildings are not in keeping with the location and whomever has proposed this, does not know the island very well.

This aspect is one of the most photographed and painted on all of the Scilly Islands and if any changes are allowed, they should take the uniqueness of the area into consideration.

I can only describe being in Bryher as being in heaven. Please do not let developers turn it into hell!

Kindest regards
