12TH JULY 2019

Dear Ms Walton

RE - MARITIME HOUSE ST MARYS I O S

I

We are in receipt of your letter of the 9th July 2019, and would reply as follows

You have been mis-informed with regard to there being a fourth unit of residential accommodation within the property.

There are three residential units, situated on the first and second floors, and these were in existence when the property was purchased in December 2018. Flat 1 is occupied by Mr H Haltide, Flat 2 by the IOS council, and Flat 3 by Five Islands Academy. The ground floor and basement remain unchanged, being commercial, as depicted in application P/19/022/COU.

With regard to a site visit, we can give you access to the ground floor and basement at any time during office hours. If you wish to access Flats 1,2, and 3, we would need to arrange this with the tenants.

Yours sincerely

R T JACKMAN
