To: The Planning Department

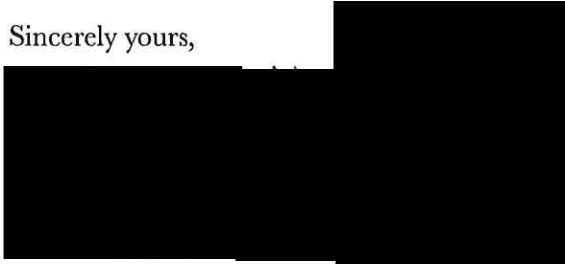

I write with reference to the planning application **P/18/072/FUL**

We would like to object to the proposed addition of two velux roof windows on the new roof of 9 Little Porth.

These velux roof windows are within in 21 meters of our home causing an over looking issue.

However, we would not object to the windows if they were conditioned to be Non Opening with Obscured Glazing, resolving the over looking issue; In the application it states that these additional windows are to increase natural light into the roof space, this condition would not effect this.

Sincerely yours,
