

Storm Cottage

Little Porth

St Marys

Isles of Scilly

Site Waste Management Plan

Waste to be removed by skip by a licensed disposal facility Richard Hand Haulage Roof and disposed of at a registered facility

Trusses / tiles will be re-cycled by incorporation into the proposed development

Supporting Statement

The proposal will provide accommodation to the mother of the applicant who is aged seventy nine
Due to the self contained nature of the proposal and the limited access from the main house it provides a measure of independence whilst still having help close at hand

The applicant also has children (two number) in their late twenties who will on occasion stay at the property
