Extension of rear patio, joining harbour.
At present, there is a low concrete patio which regularly floods on spring tides. This covers the patio with seaweed and sand, washes away our furniture & plants. There are two untidy raised granite flower beds, which also flood.
To enable us to apply to extend the patio, we have purchased the required land from the D.O.C.
We propose to significantly raise & extend the patio in granite, which will achieve four objectives.
1. It will provide a pleasant outside seating area for our guests.
2. It will tidy up the harbour frontage area of the hotel.
3. It will improve the facilities for the customers & thus improve tourist experience.
4. Provide essential sea protection for the future of the hotel.
Access to the patio will be via the bar, & granite steps to access the beach.
