Subject: Planning Application Representation; P/20/037

I would like to strongly object to this planning application on the grounds that it is unnecessary and will reduce the part of the road used by cars to turn in, to the point where it can no longer be used for that purpose.

The structure will be an absolute eyesore in an area of outstanding natural beauty, And the up take is likely to be zero and after a few years when the grant money has run out, the structure will fall into disrepair.
