Subject: Planning Application P/20/44

Dear Sir or Madam,

As owners of 5 Harbour View, we write in support of the message from Mrs Liz Dominey concerning the ambiguities surrounding the boundary wall between our property and that of Park View, in the light of the leasehold document that has recently come to light. We are given to understand that a similar document dated 2015 exists for each of the leasehold owners, although we are yet to receive our particular copy. We would be very grateful if time could be given to establish the exact boundary before any construction work is permitted to begin, and so would hope that any planning decision could be deferred to give our solicitors time to make appropriate enquiries. We are sorry that this objection has come at the very last moment before the Council considers the planning application, but this new information has only come to light over the last 48 hours.

Yours faithfully,

Perran and Rainy Gay

The Reverend Canon Perran and Mrs. Lorraine Gay
