Dear Ms. Walton

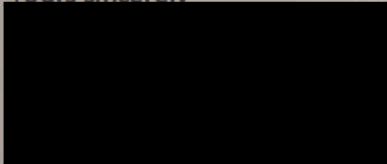

Ref. Planning Application P/20/054/FUL

We are writing to once again object to the above application.

The minor changes to the proposed development still result in over-development due to the size, scale and particularly the height – the proposed ridge height is still significantly out of proportion to properties in the vicinity and would result in an extremely cramped appearance and cause loss of light to surrounding properties.

Our property and our neighbour's would be significantly affected by this over-shadowing effect and we draw your attention to the photographs in Mr & Mrs Woodcock's letter of objection that demonstrates this very clearly.

Yours sincerely

A large black rectangular redaction box covering the signature of the sender.
