Dear Sir/Madam

Ref. Planning Application P/20/054/FUL

We are writing to object to the above application.

Whilst we recognise some of the architectural improvements to the previous application the proposed development would still result in overdevelopment due to the size, scale and particularly the height – the proposed ridge height of 6.5M is significantly out of proportion to properties in the vicinity. The result would create a cramped appearance and cause loss of light to some surrounding properties.

Yours Faithfully

Tim & Lisa Harms
