Subject: Gunner Rock plans - P/20/073

Hi there,

Just wanted to comment on the above plans. We live next door to Gunner Rock at Demelza (9 Jackson's Hill) and are ok with all the proposed changes.

The only thing we'd ask is that it would be hugely helpful to us if the work could take place outside the tourist season. We run an Airbnb (and there are several other accommodation providers on the street), so would much prefer it our guests weren't faced with building noise/disruption while here on holiday.

Cheers

Steve
