Dear Sir/Madam,

We live on the opposite side of the road to Gunner Rock and access our property up the steep drive. To be able to get enough swing to enter our drive we need to have full road access along the pavement side of the road in front of Gunner Rock. Although we have no objections to the planning application, please could consideration be given to keeping the top of the hill clear at all times for access. This is also a traffic turning area and can be like playing tetris at the best of times. It would be appreciated if the work could be carried out during the winter months as I run a B & B and with regular drop offs and pick ups of visitors it could cause long delays for the taxi businesses.

Yours faithfully,  
Sonia Fletcher
