TO ISLES OF SCILLY COUNCIL PLANNING COMMITTEE

STATEMENT OF SUPPORT

I understand that The Council have made it clear that affordable housing is needed for St Mary's and are proposing to build homes to that end.

I have a plot of land between White Cottage, Church Street, and 'Trackwinds', Ram's Valley, which is lying idle and would be a perfect spot for a small affordable home. I have spoken with the people at White Cottage and Trackwinds and they say that they have no issues with the idea. I am happy to have a Section 106 on the proposed house.

I therefore trust that you will pass the proposed plans

JOHN DALTON
