

Specification of proposed panels for solar array

Features and Benefits

Panels JA Solar panels are Tier One panels and score consistently high in independent performance studies.

Your roof mounted option uses black 340W panels whereas the ground mount option uses silver frame 460W modules

JA Solar offer a 10 year manufacturers and workmanship warranty, with a 25 year linear performance warranty.

The panels have an excellent tolerance level of -0% +5%.

The panels are Salt mist tested so are built to last in our coastal air environment.

Inverters SolarEdge are Tier One inverters that come with a 12 year warranty

No fan design for higher reliability and lower noise

WiFi & Ethernet communication are available for more flexible configuration and monitoring
