The Bungalow
Rally Hill,
St. Mary's
Isles of Scilly

TR21 ONE

this is a letter regarding
the upcoming planning application at the side
of Portcressa ie - P-21-041-FUL (I believe correct)
to the council committee -

It's about time the council took a stand for the
local community. For people who have been
living and working on the Islands for years -
planning for second homes & holiday lets
should now be firmly rejected, as enough is
enough.

Now the emphasis should be on affordable
houses & affordable rented properties for locals -
the first question when reviewing a planning
application now should be, 'is the proposed
application for the good of the community
& local needs??'

Regards
