[Comments here](#)

Access and Facilities for the Fire Service as detailed in B5 ADB Volume 1 will be required. For dwellinghouses access for a pumping appliance should be provided to within 45m of all points inside the dwellinghouse.

It is important to remember that failure to do so may prevent the applicant from obtaining a completion certificate under the Building Regulations but more importantly, the lives of the occupiers will be put at risk.

Name: Darren Vincent (Business Fire Safety Officer Cornwall Fire & Rescue Service)

Date: 23rd August 2021
