RESPONSE TO LPA APPEAL STATEMENT - addendum (1)

Sorry we have been away and I rushed our response last night. Can we add this last paragraph to our response to the LPA Appeal statement:

We never planned to have 2 self contained flats and this has not been put into place. We both, family and friends use the front door, hall - our utility room and under stairs coat cupboard and shoe rack are in the hall. There are linen and room servicing and storage cupboards, loft space access and also services access panels which are private to us on the first floor. On the first floor landing there are shared facilities for our B&B guests. The stairs and landing our used continually by us to service and clean rooms.
