

## **ARCHAEOLOGICAL SURVEY**

REF: EAST ELEVATION AND SOUTH ELEVATIONS AND EXISTING GROUND FLOOR PLANS  
(OUTLINED IN RED)

### **EXISTING GROUNDWORKS**

There is currently an existing 6 inch sloping concrete foundation that formed part of the previous conservatory. Therefore as this area has been previously excavated no archaeology will remain.

### **PROPOSED GROUNDWORKS AND EXCAVATIONS**

As stated this area has been previously excavated so no archaeology will remain.  
The existing 6 inch deep section of the concrete conservatory foundation will be replaced with a level 6 inch foundation for the proposed porch.
