**Analysis:** Complete if any objections to material planning issues or any conflict with policy requirements identified.

Amendments considered:

Front Elevation

Side Elevation

On the basis, of the minor nature of the amendments, it is not considered that the proposed changes the ground floor side door and windows or the simple canopy above, would result in any significant overlooking or loss of privacy for existing neighbouring properties.

The design is otherwise considered to be acceptable and would not give rise to any harm to the wider character of the conservation area or scenic beauty of the AONB.

The application for a Non-Material Amendment is therefore considered acceptable and recommended for approval.

**EIA:** Due to the scale, nature and location this development will not have significant effects on the environment and therefore is not considered to be EIA development.

**Proactive working:** In accordance with guidance within the National Planning Policy Framework the Council has worked in a positive and creative way and has concluded that the application is acceptable for planning approval.

This application has been considered in accordance with Section 38 of the Planning & Compulsory Purchase Act 2004 and with Sections 66 and 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

**Planning Policy:** Section 70 of the 1990 Town and Country Planning Act requires that regard be had to the development plan, any local finance and any other material considerations. Section 38(6) of the 2004 Planning and Compensation Act requires that applications are to be determined in accordance with the development plan unless material considerations indicate otherwise. For the purposes of decision making, as of March 2021, the development plan for the Isles of Scilly comprises the Isles of Scilly Local Plan 2015-2030.

**Considerations under Human Rights Act 1998 and Equalities Act 2010:** The provisions of the Human Rights Act 1998 and Equalities Act 2010 have been taken into account in reaching the recommendation contained in this report. In discharging their functions, must have “due regard” to the need to:

- a) Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act;
- b) Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; and
- c) Foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

Having due regard to the need to advance equality of opportunity between persons who

share a relevant protected characteristic and persons who do not share it involves having due regard in particular to the need to:

- a) removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic;
- b) take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of other persons who do not share it
- c) encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

Whilst there is no absolute requirement to fully remove any disadvantage the Duty is to have “regard to” and remove OR minimise disadvantage and in considering the merits of this planning application the planning authority has had due regard to the matters set out in section 149 of the Equality Act 2010.
