Comments here

Thank you for consulting us on this application. We have consulted the Cornwall & Isles of Scilly Historic Environment Record and the submitted Design, Access and Heritage Assessment (Llewellyn, Harker, Lowe, June 2022), for this Grade II Listed Building (NHLE 1376770).

Based on the evidence contained within the Heritage Assessment, in this instance, we consider it unlikely that historic building recording and archaeological mitigation would significantly enhance our understanding of this designated heritage asset, and therefore no condition is sought.
