Development Proposal: Replacement Sash Windows

Reference the above, dated 29/11/2022, your observation reference the dimensions of the windows to the rear of Madura is correct. Viewed from the rear of the building the dimensions of the left hand window is 1.07m wide and 1.33m high and that of the right hand window 1.09 wide by 1.27 high. All windows throughout the building are of the same construction.

I hope that this covers everything and we are now able to proceed with the manufacture.

Many thanks
