This is a letter of objection, not in principle of the works, but the plans that have been made, without consultation with our Bryher Community.
You will have received detailed objections from Amy Langdon, Martin Nicole and many residents already. We want to add our names to the list of objectors, based on the proposed timings and vast amount of boulders/rock armour to be placed upon Bryher.
Please consider alternative solutions to minimise this total disruption to our currently beautiful island. We support the letters of Amy Langdon & others, who request this application to be withdrawn for reconsideration and collaboration with our island community.

Your website states the IOS Planning as
“Managing competing pressures to allow a viable sustainable community to thrive”

Please adhere to this and let's get together for the sake of our Bryher Community!
We have sent an email earlier in this process to our Councillor, Andy Frazer.

Thank you
