

Troytown Statement

Written by tenant, Tim Hicks, and son and partner, Sam Hicks.

As tenants of Troytown Farm we are happy to have the new venture located in this site and will review at the end of the year.

The area proposed for the new food outlet is accessible by even concrete road. The road is already used by both vehicles and pedestrians safely.

It is approximately 1km from the quay at Per Conger.

It can be accessed by wheelchair or mobility scooter.

We believe the location to be suitable as it is already used by ice cream customers to sit and enjoy the view. It is within close vicinity of the campsite, where most St Agnes visitors stay.

The location is also close to other infrastructure if required. The piece of land is currently only used for storage - not adding to visitor experience.
