Dear Lisa,

Thank you for the planning application notice.

- On what basis is this amount of lighting necessary on Scilly? St Mary's is not a city!
- Scilly is attempting to achieve dark skies. The proposal is not going to help in achieving this.
- Scilly does not have the security and personal safety issues that would apply to a hotel on the mainland where such lighting is necessary.
- The number of lights proposed is excessive for the entrance to the units.
- A few ground lights would suffice.
- Lights should have a proximity switch as there is no requirement the lights should be on all night.
- Why not supply a torch in each unit?

Kind regards
