### **Re: Cootamundra, McFarland's Down St Mary's**

I am writing this letter as Occupational Therapist for Mr Noel Miles. [REDACTED]

[REDACTED]

I have been given a range of detailed documents and plans for the property at Cootamundra, McFarland's Down, St Marys in order to review the suitability of the proposed creation of a new property on this site. Having reviewed all the information provided to me in detail, I can confirm that the plans devised are suitable and absolutely necessary to allow Mr Miles to reside in this property

both now and in the future. If anything, my opinion is that within this proposed scheme some areas/rooms should ideally be larger to allow greater ease of accessibility and ease of use both now and in the future. However, I understand that Mr Miles has agreed to this proposal in order to minimise the overall footprint of the property. Despite this I can confirm all areas of the property will be accessible and able to be used by Mr Miles, as I would expect as an absolute minimum for any property for one of my clients.

I would fully support the designs submitted by Mr Miles as being necessary, appropriate and the minimum space required to allow Mr Miles to reside in this property safely and independently.

Should you require any further details or wish to clarify anything regarding this feel free to contact me on the details below.

Simon Murnane
